

High Performance Aircraft Operations

This webinar is the knowledge/ground training as required by FAR § 61.31(f) prior to acting as PIC of a high-performance aircraft. Content includes: Aircraft Systems, Aerodynamics, Flying, Meteorology, and Physiology. A quiz selected from FAA question bank will be administered. Flight training to complete the high-performance endorsement may be arranged individually. You will receive 2 Advanced WINGS credits for completing this ground training.

Directions: Upon registration, you will receive an email with enrollment confirmation and login credentials. Visit www.latitudeflighttraining.com.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
